AEGIS Gold Accredited Guardianship

Welcome

At Gao Global Education Ltd, we provide warm, reliable, and personalised guardianship for international students in the UK. As a small, family-run organisation, we offer close attention, consistent care, and a safe, welcoming home environment where every student is treated with kindness and respect.

Our Core Values

Safety • Communication • Care

Every decision we make places the child's wellbeing, security, and happiness at the heart of our work. We follow AEGIS Gold safeguarding standards and maintain strong partnerships with parents, schools, and our host families.

Host Family Provision

We currently offer a single, dedicated host family home, run by Ms. Liping Hardy, Company Director.

- Safe, stable, and carefully maintained environment
- Warm, welcoming atmosphere for international students.
- Regular checks and safeguarding reviews in line with AEGIS Gold standards

-
- Additional host families will be recruited as student numbers grow — fully vetted, DBS-checked, and approved through a robust safeguarding process
 - *Safeguarding oversight includes independent checks and clear escalation routes to ensure every student's safety and wellbeing.*

Student Support

Our small size allows us to provide highly individualised care, ensuring that every student receives the attention, guidance, and reassurance they need to thrive.

- **24-hour emergency contact** - giving both students and parents peace of mind that support is always available whenever it is needed. We maintain regular updates with parents, ensuring transparency and clarity at all times.
- **Regular updates and clear communication with parents** - ensuring parents feel informed, reassured, and fully involved at all times.
- **Practical help and emotional reassurance whenever needed** - Equally important is the emotional wellbeing of each student, helping students settle into life in the UK with confidence.
- **Travel arrangements and holiday planning** - Making every transition smooth and stress-free.

- **Assistance with school liaison, academic meetings, and daily communication needs** - We act as a reliable link between families and schools, supporting communication with teachers, attending meetings where needed, and helping manage day-to-day interactions to ensure everything runs smoothly.
- **We aim to make every student feel confident, secure, and cared for** - so they can focus on growing, learning, and making the most of their experience.

Why Families Choose Us

- **Personal, family-focused approach** - We put each student's wellbeing, happiness, and long-term success at the heart of everything we do. We understand that choosing an educational pathway abroad is a major decision, and we work closely with families to ensure they feel confident, informed, and fully supported at every stage.
- **Clear, fast communication with parents** - We prioritise regular updates and honest conversations, ensuring that families are never left uncertain about their child's progress or wellbeing.
- **Strong safeguarding culture guided by AEGIS Gold standards** - so families can trust that students are in a safe, secure, and well-managed environment.
- **Understanding of Chinese families' expectations and educational values** - This cultural awareness allows us to bridge gaps effectively, supporting students in adapting to a new environment while maintaining respect for their background and goals.
- **Reliable and consistent support for both students and schools** - not only for students, but also for parents and partner schools. From day-to-day guidance to long-term planning, families know they can depend on us to be present, proactive, and fully committed.

Our Mission

Our mission is to provide every student with a safe, caring, and supportive home environment where they feel secure, valued, and at ease. We believe that strong wellbeing is the foundation for success, enabling students to thrive both personally and academically. We nurture confidence, resilience, and independence, helping students adapt to life in the UK while developing the skills they need for the future. Through consistent guidance, encouragement, and a positive, culturally sensitive environment, we support students in making the most of their educational journey. Our aim is not only to support students during their time with us, but to lay the foundation for their long-term success, wellbeing, and happiness.
